**DETAILED ACTION**

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

Claim 4 is rejected under 35 U.S.C. 102(e) as being anticipated by US 6,323,436, granted to Hedrick et al (hereafter Hedrick).

Hedrick discloses, referring to figure 1, a printed circuit board comprising: a plurality of spaced apart circuit layers; a drill or laser formed blind hole/via (7b) extending between a surface circuit layer and at least one other circuit layer, said blind hole/via having an electrical connect layer (9) which electrically connects said surface circuit layer to said at least one other circuit layer; a reflow pad (13) for mounting a component to the surface layer, said reflow pad extending over a surface part of said electrical connect layer, and also extending over a surface part of said electrical connect

layer and also extending over the blind hole/via; and an electro-conductive material (11) filling the blind hole/via.

***Allowable Subject Matter***

Claim 5 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Response to Arguments***

Applicant's arguments with respect to claim 4 have been considered but are moot in view of the new ground(s) of rejection.
